Overview

NOTE: This document applies to Syniti Solutions versions 7.1 and later.

In this document the new transports created for S/4HANA SAP Content for DSP have their contents listed.

NOTE: Beginning with the 7.0.5 release of the DSP, the Master Data Management Transports are no longer delivered with the installation files. They may be requested by opening a support ticket.

NOTE: The installation order of the Master Data Management Transports is described in the Master Data Management Transports Deployment Guide.
